

CBMI 2009 Demo Extended Abstract *

Name(s) of author(s)
Affiliation
Address
telephone and fax number
e-mail: Author@Address

1 Introduction

The demo proposal should include a title, authors name(s) and affiliation, address, and e-mail address. The demo proposals should describe the problem solved by the demo, the user community addressed, and system requirements. The proposal should also provide a short walk-through of the demo presentation.

2 Main Section

This demo proposal should not exceed 4 pages, including tables and figures.

2.1 Equations

Center the equations and number them on the right margin,

$$x = y. \tag{1}$$

Equations should be referenced by placing the number in parentheses, e.g. Equation (1). Figures should be numbered and inserted in the text. Each figure should have a concise caption. References to figures should be as follows: Figure 1, Figures 2a and 3b.

2.2 References

All references cited in the text should be marked by numbers in square brackets, and listed at the end of the paper in alphabetical order under the first author's last name. Complete information should be given for each reference, see [1] or [1, 2].

3 Conclusions

Please send a PDF file by e-mail to: hanbury@prip.tuwien.ac.at and Philippe.Joly@irit.fr not later than the 2nd of February 2009.

The name of the file containing your submission must have the following format: "xxx.pdf" where "xxx" is the first author's last name.

*Thanks to L^AT_EX.
